## QUOTATION

TO: Mr.James

Date: 8th,Dec.,2015

Price Term: FOB Xiamen china in USD

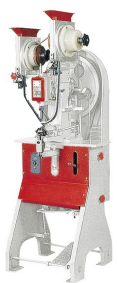

Quotation Valid time: 11th,Dec.,2015

Picture	Item name	Specifications (Working voltage, Motor power, output, dimensions, etc)	Applications & Features	Sales Unit Q'ty	Unit Price USD	Package						Unit PriceUSD

### Cutting and stitching equipments

	Used Swing arm cutting machine			1.This machine is Italy Atom model VS922 swing arm cutting machine,with cutting force 22ton. 2.High quality hydraulic syetem,long time service life.Greatly improve output.	3	\$2,880.00	3	95	105	150	1.18	1150	1200	\$8,640.00
		Condition	80% new											
		Brand	Italy Atom											
		Working valotage	380V/60HZ											
		Max. Cutting Force	22Tons											
		Cutting Area	900*430mm											
	Seven Pincers Automatic Oil Pressure Toe Lasting Machine			1.This machine is equipped with an automatic crumb-eliminating device and a stoning clutch which is provided with different specifications of presser foot according to your needs. 2.Application: Suitable for skiving leather edges or surfaces.	2	\$635.00	2	120	60	140	1.00	40	45	\$1,270.00
		Dimensions	1100*540*1150mm											
		Motor Power	1/3HP											
		Working Voltage	230V/60HZ											
		Knife Speed	1270(RPM)											
		Knife Axal Displacement	30mm											
		Knife Size	D118*D114*54mm											
		Skiving Width	10-50mm											
		Feeding Wheel Speed	62,99,132(RPM)											

	Leather Splitting Machine			1.This machine is Italy Camoga Leather splitting machine. 2.It is equipped with high precision knife splitting material like leather,cloth,ect. 3.With splitting piece can make high rank leather shoes.	1	\$8,100.00	1	120	110	190	2.51	635	720	\$8,100.00
		Condition	80% new											
		Brand	Italy Camoga											
		Working Voltage	38V/60HZ											
		Model no	C420R											
	Single Needle Industrial Roller Feed Post Bed Sewing Machine			1. The bearing of this machine is spherical or aciculiform, which only has a little friction so that the bearing can keep the lubricating property of the engine for a long time. 2. With the prime mover, tooth gear, and the needle working together, it can stitch all kinds of the different materials. 3. It's suitable for high-quality stitching products, such as shoes, leather shoes, bags,canvas etc. Especially for thick materials.	20	\$750.00	20	120	60	140	1.03	55	75	\$15,000.00
		Dimensions	1100*540*1500mm											
		Motor Power	1/3HP											
		Working Voltage	230V/60HZ											
		Max. Sewing Speed	2600(SPM)											
		Max. Stitch Length	7mm											
		Needle Bar stroke	DP*5											
		Presser foot lift	By knee:13mm By hand:7mm											
	Double-needle Industry Roller Feed Post Bed Sewing Machine			1. The bearing of this machine is spherical or aciculiform, which only has a little friction so that the bearing can keep the lubricating property of the engine oil for a long time. 2. With the prime mover, tooth gear, and the needle working together, it can stitch all kinds of the different materials. 3. It's suitable for high-quality stitching products, such as shoes, leathers shoes, canvas etc.	4	\$800.00	4	120	60	140	1.03	55	75	\$3,200.00
		Dimensions	1100*540*1500mm											
		Motor Power	1/3HP											
		Working Voltage	230V/60HZ											
		Max. Sewing Speed	2600(SPM)											
		Max. Stitch Length	7mm											
		Needle Bar stroke	DP*5											
		Presser foot lift	By knee:13mm By hand:7mm											
	Industrial Zig Zag Sewing Machine			1. This machine has structure which can prevent stitch-slipping and jumper. It can be used in various dogtooth stitching and beeline machine stitching as well. 2. The width of the dogtooth is 12mm and the width of the herringbone can be controlled with keen or hand. 3. This machine also has automatic winder, which is easy to handle and is often used in herringbone stitch in the leathers and material embroider.	1	\$720.00	1	120	64	170	1.05	55	75	\$720.00
		Dimensions	1100*540*1300mm											
		Packing size	1200*640*1500mm											
		N.W.	48kg											
		G.W.	88kg											
		Motor	1/3HP											
		Max. sewing speed	1800rmp											
		Max. sewing thickness	5mm											
		Presser foot lift	6mm											
		Needle size	DP*1											
		Max. stitch length	12mm											

	Automatic Eyeleting Machine			1.This machine is automatic transportation, it can do job between upper and lower at one time. 2.This machine is used for reveting of elets of vamp, and for automatic feeding of upper and lower elets.	1	\$1,520.00	1	98	61	170	1.02	112	140	\$1,520.00
		Working valotage	230V/60HZ											
		Motor	0.42HP											
		Dimensions	900*530*1550											
	Pneumatic Stamping Machine			This machine is used to gold embossing and stamping the outsole, leather, rubber and the plastics, which makes the products looked beautiful.	1	\$760.00	1	75	70	16	0.84	45	57	\$760.00
		Working valotage	230V/60HZ											
		Motor	0.42HP											
		Dimensions	750*700*160											
	Hot-melt Glue Spraying Machine			1. It can be used in many industries: shoes, packing, wooden, spinning, toy, leather, sanitation accessory, electronics etc. 2. It applies to: 1. spraying glue 2. dit gluing 3.wiping glue 4.filling glue and other gun spraying gule head with many usages and many specifications, it is selectable and changeable. 3. Hot melt is 100% solid hot plastic materials without any solvent. Reach the meet of the strictest air pollution prevention. There is no danger of fire and explosion.	2	\$660.00	2	75	43	145	0.47	40	50	\$1,320.00
		Working valotage	230V/60HZ											
		G.W.	40kg											
		N.W.	50kg											
		Speed of fusing glue	8KG/hour											
		Operating Temperature	Max. 220℃											
		Volume of the glue	3kg											

## Assembling line and conveyor Equipments

	Used K73 Toe lasting machine(9 pincers)			1.The pulling over and lasting machine model K73 is suitable for any kind of work from the smallest children sizes to the largest mens, and also for all types of ladies shoes regardless the height of heel. 2.A special kit grants a perfect lasting of safety shoes with iron or plastic toe cap.	1	\$11,500.00	1	115	190	210	4.59	1250	1470	\$11,500.00
		Condition	80% new											
		Brand	Italy Cerim											
		Working valotage	380V/60HZ											
		Dimensions	1600*1000*1960mm											
		Output	3000pairs/8hours											

	Automatic Shoe Toe Cap Steaming and Forming Machine			1. Toe cap moulding before lasting. 2. This machine employs the positioning system fixed with oil air pressure, which can adjust the pulling down speed, calculate the pulling down schedule, make the heights on the two sides of the shoe head equivalent, simplify the shaping technology, identify the shape of shoe head. 3. machine with hot steam and freezing system.	1	\$6,080.00	1	160	100	160	4.54	463	593	\$6,080.00
Motor Power		2HP												
N.W.		463kgs												
Output		800pairs/8hours												
Working valotage		230V/60HZ												
	Two cold & two-heat backpart moulding machine			1.This machine is Italy famous brand ALFA,Tow cold and tow heat backpart moulding machine. 2.With perfect air compressor system to generate cold temperature,also equiped with perfect heat release system.It saves power greatly.	1	\$4,880.00	1	140	125	220	3.36	550	650	\$4,880.00
		Condition	80% new											
		Brand	Italy ALFA											
		Working voltage	380V/60HZ											
		Output	2000-3000pairs/8hours											
	Shoe Vamp Softening and Wrinkle Smooth Machine			1. The machine employs automatically water supplying system controlled the water lever through two procdures, and is fixed with multiple layers safety system for arming the shortage of the water. The safety is very high. 2. The volume of the steam, the content of the water, and the proposing time can be adfusted, whic applies to all knids of leather.	1	\$1,450.00	1	120	80	140	1.34	174	224	\$1,450.00
		Dimensions	1140*720*1120mm											
		Packing Size	1240*820*1400mm											
		Power	16HP											
		Working valotage	230V/60HZ											
Output	2500pairs/ 8hours													
	Automatic Oil Pressure Heel Seat Lasting Machine			1.This machine is suitable for lasting the shoes with general and insoles and with the heels height less than 18cm. 2.We have full sizes of wipers and forming bands. Which fit and sharp of shoes. The fotming bands are wrapped by chain and can accord gly produce a good forming effect. 3.The second time and pressing of the last supporter works with wiper-heating device to increase the lasting effect. It smooths thing areas and upgrade the quality if the shoes.	1	\$3,880.00	1	113	80	152	1.37	1150	1350	\$3,880.00
		Working valotage	230V/60HZ											
		Electro heat	0.8KW											
		Output	2000pairs/8hours											
		Pressure	35-45KG/CM²											
Dimensions	1030*700*1420													

	Automatic Universal Walled Sole Attaching Machine			1.This machine uses all oil pressure design. It employs the special design of the oil-pressing jar with multiple branches nad intensive setting, which can avoid the irregular outline, even the pressure of the shoe dege, and achieve the good effects of no blind angles. 2.This machine applies to taking shape and processing the base. One machine can have two functions and do not need to purchase other equipments, which reduces the investment cost.	1	\$7,280.00	1	130	120	220	3.35	1300	1380	\$7,280.00
		Dimensions	1180*1120*1900mm											
		Working valotage	230V/60HZ											
		Pressure	35-45kg/cm²											
		H.P.	3HP											
		N.W.	1300KGS											
		G.W.	1380KGS											
		Output	2000pairs/8hours											
	Lining Machine (Bottom Adjustable)			1.Use the manual adjustment to the inclining degree, more convenient and practical. 2.Mark more correctly, being good for the flow of thickening, gluing and attaching and the like.	2	\$470.00	2	84	65	177	0.97	60	75	\$940.00
		Working valotage	230V/60HZ											
		Output	1500pairs/8hours											
		Dimensions	640*450*1570											
	Oil-Pressure Last Releasing Machine			1.Claw-type structure, after releasing, the finished products are beautified and invulnerable to impairment. 2.It can be used for boot trees of different sizes of shoes.	1	\$880.00	1	81	72	130	0.76	120	130	\$880.00
		Working valotage	230V/60HZ											
		H.P.	2HP											
		Output	2800pairs/8hours											
		Dimensions	610*520*1100mm											
	Double Working Stations Grinding Machine			1. This machine is used for polishing, cream, coloring, dust elimination etc. of all kinds of outsoles. 2. Low noise and durable. 3. Speed adjustable.	1	\$780.00	1	98	83	80	0.65	80	100	\$780.00
		Working valotage	230V/60HZ											
		Dimensions	900*750*700mm											
		Packing size	980*830*800mm											
		Spindle Speed	3000/min											
Total Price(USD)														\$78,200.00
1.Package: in seaworthy or airworthy wooden case package. 2.Payment: 30% deposit and 70% balance before shipping 4. The quotaition valid time is 21days. 5.The delivery date: Delivery 40 days after receiving the deposit.
